Continuation of Substance of Interview including description of the general nature of what was discussed:

The examiner stated that the scope of each of claims 1 and 12 was confusing given that it is not clear what is meant by "a given pH range" or what values of pH are encompassed by such phrase. The examiner suggested amending the claims by inserting the limitation of claim 9 into claim 1 and the limitation of claim 17 into claim 12. The examiner also noted that claim 12, line 12 contained an inadvertant typing error and advised changing "missing" to "mixing" in line 12 of claim 12. However, in light of the examiner's time requirement for response to such suggestions, applicants were unable to agree to such changes in a timely manner.
